### DARK HORSE PROBABLY WILL BE NOMINATED

Belief Prevails That Neither McAdoo Nor Smith Can Win.

New York, June 17 .- With the Democratic national convention only one week away, political leaders appear to be at sea regarding the prospects of any of the large field of candidates for the presidential nomination.

Political maneuvering will precede the convention. Members of the Democratic national committee are already on the ground. William J. Bryan was a late arrival, and William G. Mc-Adoo, George E. Brennan of Chicago, Democratic chief, and Edward Moore of Youngstown, O., are expected tomorrow. Governor Smith came from Albany last week to stay until after the convention.

One of the strangest features of the contest for the presidential nomination is the widely held conviction that the two strongest candidates-William G. McAdoo and Governor Smith -can not get the nomination. Those who are generally conceded a real chance at the nomination consist of a string of favorite sons, hardly heard of outside of their own states.

McAdoo has the largest number of delegates. His friends say he will show more than 600 votes after a few ballots, and that this will be sufficient to attract enough additional delegates to give him the 732 necessary to be nominated. But many others believe he will fall down before a combination, led by Tom Taggart of Indiana, George Brennan of Illinois and Tam-

Al Smith appears likely to go into the balloting with the second largest number of votes. His friends claim upward of 300. But here again, all except his own friends believe that the dry south and the dry west will combine to stop him.

Third in the list is Underwood, with 60 to 75 votes. His only chance that is something far from settled.

Favorite Sons. Then there is the field of favorite including former Governor James M. Cox of Ohio; Senator Robinson of Arkansas; ex-Senator Saulsbury of Delaware; Senator Raiston of Indiana; Governor Jonathan Davis of Kansas; Governor Ritchie of Maryland; Senator Ferris of Michigan; Governor Silzer of New Jersey; Senator Glass of Virginia; John W. Davis of New York and West Virginia: Senator Kendrick of Wyoming, and possibly a few others including Senator Copeland of New York and former Senator Pomerene of Ohio who will bob up in the early hallots.

Democratic leaders, generally speaking, want to dissociate themselves from big business and fight an aggressive campaign against the Republicans on the "corruption" issue. It offers their best opportunity to capitalize the Teapot Dome and Daugherty cases. They are disinclined to tie their hands by nominating a representative of Wall street, however able and honest he is personally.

Unless the New York convention breaks away from its managers, the party-regardless of the candidate selected-will go before the country as a progressive liberal party designed not only to catch the discontented Republican vote but to prevent any losses to LaFollette. It is the LaFollette complication which causes the Democrats the most worry. A sharp line is drawn between the progressive Democrats and the conservative Coolidge-Dawes ticket. But LaFollette is going to run as a Progressive himself, unless all present indications prove false. The Democrats are worried lest the Progressive vote be split between them and La-Follette.

sippi already has been decided upon as the convention's temporary chairman, while the permanent chairmanship is expected to go to Senator Walsh of Montana.

### REVENGE BELIEVED MURDER MOTIVE

New York, June 17 .- Police say they are of the opinion that gangsters killed "Bill" Brennan, heavyweight pugilist, in revenge for Brennan's action in ejecting them from his cabaret. James Cullen, former state trooper, was killed by a bullet intended for Brennan's sister, a cabaret singer, under the name of "Shirley Sherman," the investigation dis-

J. H. Wayne, seriously wounded, and James Murray, former politician, found hiding under Wayne's bed, are under arrest. The police say that Wayne was shot by the bandit leader when he failed to carry out orders during the holdup, and that Murray had visited him in an effort to keep him from turning informer.

Murray gave the name of James Mahoney when arrested, but later was identified by police as the politician whose activities have long been under surveilance. Excitement prevailed about police headquarters when it became known that "Jimmy" Murray was held. Heading the "beer ring." he was looked upon as an underworld king, and when word that he was arrested reached his friends immediate attempts were made to free him.

Besides the confession of Wayne. the police and federal authorities are now checking up stories told by various persons held. James H. Watson, former Oklahoma aviator, had 29 \$1,000 bills in his possession. The money tallies with that taken from the holdup, it is alleged.

Washington, June 17.-The shipping board made a final effort to save its 375 idle vessels from rust and decay in the harbors and roadsteads where they lie. With funds made available by congress, installation of Diesel type internal combustion ongines is to be made on 60 of them, while private enterprise will be encouraged by the shipping board to take over and similarly equip the remainder on a 50-50 basis. Twelve selected ships will be dry-docked in the near future and their rusting steam engines replaced with the upto-date Diesel engines, which operate like automobile engines, generating electricity, which in turn drives the propeller shafts. Ultimately 60 in all will be so outfitted.

### OHIO CORN CROP WILL BE POOREST IN YEARS, BELIEF

Columbus, June 17.-C. J. West, state-federal crop reporter, says in his monthly report that corn planting in Ohio, because of continued rains, is more than a month behind schedule and the outlook for the crop is uncertain. Prospects for the peach crop in Ohio are poor, he reports, only 45 per cent of normal yield being in sight. There will be a small commercial crop in northern Ohio, with conditions more favorable in other parts of the state. Wheat conditions have improved slightly the past month, with an indicated crop for the state of about 34,000,000 bushels. This is 9,000,000 bushels fewer than the estimate for last year's crop. Four-fifths of a normal apple crop is apparent, according to West.

#### PIANO PUPILS GIVE PLEASING PERFORMANCE

The pupils of Miss Stella Bishop's piano class gave a very delightful entertainment to a large audience, Monday evening. The large Sunday School room of the Presbyterian Church was prettily decorated with baskets of pink and white peonies and roses. By 8 o'clock a large crowd had assembled and those coming late had to be turned away. All the pupils gave evidence of the fine training they were receiving from Miss Bishop, in the way that they presented their work to the public. Most of the music was played from memory.

#### GENERAL DAWES' WORLD WIDE FAME AS TROUBLE-MENDER

General Dawes attained his greatest fame through his activity in connection with the Reparation Commission of experts, appointed by the Reparations Commission to try to bring about a settlement of the German reparations question suitable to all the countries interested. Leaving for Paris in December General Dawes set about accomplishing his task. This he did with his customary quietness, working long hours day and night until it was time to delve deeply into the subject by means of technical investigations. At the opening of the experts' conference last January 4 in Paris General Dawes delivered a straightforward, hard-hitting speech. He pointed out that he could not speak either for the Government of the United States or the American people, but only as an individual.

He said he had accepted the invitation of the Reparations Commission, which is charged by the Versailles peace treaty with the task of seeing that Germany meets her war obligations to the Allies, to investigate German's financial and economic position. This he would do to the best of his ability.

In his address General Dawes, after reviewing the situation from the standpoint of an American business man, made an earnest plea for the use of common sense and for practical co-operation among the nations so that German productiveness might be restored to her in order that she might meet her obligations.

With characteristic forcefulness General Dawes denounced "the incessant misrepresentations and intolerable interjections of those foul, carrion-loving vultures—the nationalistic demagogues of all countries—who would exploit their pitiful personalities out of a common misfortune.'

The American plan, as briefly outlined by General Dawes. consisted of stabilization of German currency and the balancing of the German budget. He declared that "as the economic processes of Germany under a stable currency and with a balanced budget are revived there will be demonstrated the capacity of Germany to pay.'

"Let us first help Germany to get well," General Dawes added. The committee, headed by General Dawes, conducted hearings in Paris and Berlin, at which financial and economic experts of the allied countries of the League of Nations and of Germany were called upon to testify. Dr. Schacht, President of the German A chemical trouble that's easily cured Reichsbank, was among the prominent Germans to appear before I'll give you a diet, the rest is as the committee both in Paris and in Berlin, to give his viewpoint Just cut out your coffee, your pork on the situation. #### THE REPUBLICAN CANDIDATE FOR VICE PRESIDENT

General Charles Gates Dawes was born in Marietta, Ohio, August 27, 1865. His father was commander of the famous "Iron Brigade," of Wisconsin in the Civil War.

The younger Dawes attended the public schools and was graduated from the Marietta College in 1876. He then went to Cincinnati, entered the Cincinnati Law School and was graduated with the class of 1886.

Dawes then worked as an engineer, in the construction of what is now the Toledo and Central Ohio Railroad, but after a year removed to Lincoln, Neb., where he entered legal practice, becoming in a few years the head of a firm specializing in public Coffee utilities counsel and litigation.

From this he undertook successfully the promotion and development of gas plants in the West.

After several ventures he became President of a gas, light- Iced Cocoa ing and coke concern in Evanston, Ill., which eventually merged with the People's Gas Light and Coke Company, Chicago.

Man Who Held Public Office Over 27 Years Says Medicine Restored His Health And Strength 5 Years Ago And Has Helped Him Keep Well.

"I said a lot in praise of Tanlac some six years ago, but not half enough, in view of what it did for me," is the high tribute paid the famous medicine, a few days ago, by Hon. Archie R. Anderson, ex-sheriff of Harris county, Texas, who resides at 1505 Austin St., Houston.

Mr. Anderson is unquestionably one of the best known and most popular men that ever held public office serving as deputy sheriff of Harris county for 12 years, Mr. Anderson was elected chief of police of the City of Houston. He had occupied this office but a short time when the sheriff of Harris county died and Mr. Anderson was then appointed by the Commissioner's Court to serve out the unexpired term of sheriff. He was honored with re-election as sheriff seven different times and served the people in this important office 15 consecutive years.

### STUDENTS SHOULD BE 'BORN AGAIN'

Yellow Springs, June 17-The bac valaureate sermon for the graduates of Antioch College was given Sunday night at the Presbyterian Church by the Rev. Rollin H. Walker, professor of the English Bible at Ohio Wesleyan University. He declared that a large number of people must be born again before they can get the maximum from life, either here or hereafter.

By "born again" the speaker meant the opening of the mind to worthy troral, intellectual, and spiritual con-ceptions. He spoke of the employer who in the past kept workmen for long hours, hired children, who were not strong enough to stand the work, and paid them very little, and also of the physician who has a strictly commercial attitude, not making call unless it is sure of being part both of which, he said, have now largely disappeared, and of the laborer who is afraid that he will give more service than he should. # **CLERGYMEN ARE**

Columbus, O., June 16-Clergymen from all parts of Ohio were assembled here today for the opening of the summer school for pastors, conducted at Ohio State university.

While the school primarily is for the rural pastors, indications were that a large number of ministers from large cities would enroll as students, it was said.

The Ohio Council of Churches and the Ohio State University's college of agriculture are sponsoring the school.

Company Opposes Bus Line. ... Columbus, June 17 .- The Columbus, Delaware and Marion Electric company filed a protest with the public utilities commission against the application of John H. Hogle for certificate to permit him to operate a bus line between Columbus and Sandusky, via Delaware, Marion and Bucyrus. The interurban company contended it gives adequate service between these points. The company also argued that the route over which Hogle wishes to operate is not wide enough to care for more than normal

Mrs. Bradford Recommends Lydia E. Pinkham's Vegetable Compound

Phoebus, Virginia.—"Having this opportunity I just cannot refrain from saying a word of praise for the Lydia E. Pinkham medicines. I have used them as

ccasion required for twenty years, and mythreesistershave also used them, and always with the most gratifying results.
During the Change
of Life I had the usual distressing

flashes, insomnia, etc.,—and I am pleased to testify to the wonderful results I obtained from the Vegetable Compound. I heartily recommend it to any woman and I will be pleased to answer any inquiries that might be sent to me through the publication of my testimonial."—Mrs. H. L. BRADFORD, 109 Armstead Street, Phoebus, Virginia.

Consider carefully Mrs. Bradford's letter. Her experience ought to help letter. Her experience ought to help you. She mentions the trials of middle age and the wonderful results she ob-tained from Lydia E. Pinkham's Vege-

table Compound. If you are suffering from nervous troubles, irritability, or if other annoying symptoms appear and you are blue at times, you should give the Vegetable Compound a fair trial. For sale by

last five rounds.

The Hamilton Clarks will be the attraction at Washington Park Sunday afternoon when they will stack up agains the Xenia Reserves. The game will be called at 2:30 o'clock daylight saving time.

The Clarks have been playing ball for many seasons and the team that WBAV, Columbus, (423) orchestra C. A. Clark brings here Sunday is a Mars, an old head at the game knew veteran one. The locals will have to play a lot better brand of ball mext He outboxed Herman and in the opin-Sunday than they displayed last week ion of the writer he took eight of the when they went down to defeat at the hands of Tipp City. Herman and two were even.

The Clarks are considered one of the best ball teams around Butler County and this is taking in a lot of territory. A win for the Reserves staggered Mars several times and in at their expense would boost the locals stock not a little. Sillen will probably be on the mound while Randall will do the catching.

The Reserves will hold a practice session Wednesday evening at Wash-

### WATER SUPPLY OF SHELBY THREATENED

Columbus, June 17 .- Director Witter of the state industrial relations department, ordered two inspectors of his department to Shelby, O., to aid officials there in the elimination of mine gas which has filled a well of the waterworks department and endangered the city's water supply. An attempt to make repairs in the pit last week resulted in the death of the superintendent, who was overcome by gas. Several others were also affected by the gas, but were revived. Appeal for aid was made to Governor Donahey by the mayor of Shelby. The governor directed Witter to send Inspectors Foster and Crider to investigate.

# INCREASE IS SHOWN

Columbus, June 17 .- According to the annual report made by the state public utilities commission, operating expenses and taxes increased simultaneously for Ohio interurban electric railways during 1923, with the result that only 14 out of 63 companies declared dividends, while taxes were increased almost a quarter of a million dollars. Revenues, however, increased \$1,315,863.31, and the report indicates that more persons are riding on the various lines. Freight business also increased. It cost the interurbans almost \$3,000,000 more to operate last year.

GOITRE REDUCED IN 10 Days Without Surgery

If you suffer from Goitre you will be glad to know that it is no longer necessary to worry about painful and dangerous methods of removing it. Science has developed a new treatment, called Thyogland, which quickly reduces the growth without the slightest inconvenience, danger or pain. Many sufferers say this remarkable new treatment quickly reduced their goitres after everything else failed.

The treatment has been perfected for easy use at home, and to introduce Thyogland to a million sufferers in one month, I want to send a \$1 treatment of my famous Thyogland remedy, postpaid and without cost or obligation. If it cures you tell your friends and pay me what you think is fair, otherwise the loss is mine. Just send your name for this liberal offer to L. H. CARVER, 732 Baltimore Bldg., Kansas City Mo.
